A field guide to noticing

Five prompts for your next walk.

01 Change the hour

Visit a familiar place at a time you rarely see it.

02 Look for a small detail

Describe a colour, a sound, or a shape you might overlook.

03 Follow a different street

Choose the longer route and see what it makes room for.

04 Write one honest sentence

A clear observation is enough. It does not need a conclusion.

05 Leave a question open

Keep one thing to return to tomorrow.
